

2018 - 2019 School Year

Schedule Change for Weeks of Fewer than Five School Days

During the 2018 - 2019 school year, there are 14 weeks in which there are fewer than five full school days, due to national holidays, parent/teacher conference days, or other special events. Therefore, in order to maintain a balance of classes scheduled by week day, a remedial schedule has been devised for each of the shortened weeks (see chart below).

The chart shows the sequence of daily schedules that will be followed on the remaining days of a particular week. **Help sessions will also change accordingly. Please retain this schedule in a convenient place and refer to it throughout the year.** If you have questions about this schedule, please contact your child's homeroom teacher.
