

2019 - 2020 School Year

Schedule Change for Weeks of Fewer than Five School Days

During the 2019 - 2020 school year, there are 13 weeks in which there are fewer than five full school days, due to national holidays, parent/teacher conference days, or other special events. Therefore, in order to maintain a balance of classes scheduled by week day, **a remedial schedule has been devised for each of the shortened weeks** (see chart below).

The chart shows the sequence of daily schedules that will be followed on the remaining days of a particular week. **Help sessions will also change accordingly.** **Please retain this schedule in a convenient place and refer to it throughout the year.** If you have questions about this schedule, please contact your child's homeroom teacher.
